All Historical Documents Now In Texas State Archives

TEXAS ARCHIVES AND LIBRARY BUILDING . . . a beautiful edifice to house the documents of the 36th Division. Located on the east side of the State Capitol grounds, this fabulous structure erected in 1961 has 93,000 sq. ft. of floor space. It is a final resting place for all the 36th Division's records, books, micro-film, photos, diaries and official documents. If you visit Austin, this is a must - for any T-Patcher.

☆☆☆☆☆☆ SPECIAL REPORT

Since the history of the 36th Division is so much a part of Texas history, it's only logical that our files of World War I and II should be in this building.

The Texas State Archives and Library building is where all of our "history" is now catalogued, and preserved for the ages.

Through the diligent work of our great historical committee chairman, Col. Oran Stovall, all materials from the Camp Mabry Trophy Room have now been moved to this building. Here is where historians and scholars of the future will go to find all the information on the "Fighting 36th Division".

With the help of JOHN M. KINNEY, director of the Archives Division, Texas State Library and Archives, he has worked closely with your historical committee, members of the Adj. Gen. Dept., in getting all this material assembled and classified.

NOW, anyone who has some memorabilia to contribute can rest assured that it will be preserved, permanently. We have quite a lot of history on file there. We know there is much, much more in the hands of the troops, who someday may want it to have a 'home'.

CAMP MABRY TROPHY ROOM

In our last issue we disclosed that Building 11 of the Adj. Gen.'s Dept., would be moved, and no provisions were made for relocation of the Trophy Room. To date, many other sites have been suggested, and many have been explored by your historical committee. Latest report is that the move, scheduled for May 1972, has now been delayed til fall '72. Therefore, with this additional time, your committee will continue to seek a new place for all the "hardware" still on display at Camp Mabry. Three locations have been recommended: San Antonio, Waco and College Sta-

New Portrait of Gen. Walker To Be Unveiled at Reunion

This JULY 1972 issue of the 36th Division Association T-Patcher is dedicated to the memory of our beloved World War II commander, Maj. Gen. FRED L. WALKER whose 85th birthday will be observed June 11th.

Many of you who attended the 1969 Reunion in Fort Worth will recall that Gen. Walker, though ill at the time, sat at a table for hours, talking and visiting with the T-Patchers and autographing his book (just off the press) FROM TEXAS TO ROME with a sincere personal message to each 36ther. This was to be his last reunion with his men. Only 6 weeks later on October 11, 1969 he died in the Walter Reed Hospital, Washington.

THIRTY-THREE MONTHS WITH THE 36th DIVISION

General Walker pridefully and gallantly led the 36th (Texas) Infantry Division from Louisiana maneuvers to the bloody beach at Salerno and into Rome from September 1941 to July 1944.

His 33 months as commander of the 36th was to be the longest term of leadership of any of the division's eleven commanders during war time. (see page 8).

He wore an oak leaf cluster on his WWI Distinguished Service Cross, the Distinguished Service Medal, and the Silver Star.

A TEXAS CONVERT

Fred L. Walker was a Texan tried and true - not by birth but by adoption of the state and the men whose faith in him has never wavered. Gen Walker was a native of Columbus, Ohio and graduated from the state university there in 1911. He was a member of the Ohio State Guard for four years, and then became a second lieutenant of infantry.

WORLD WAR I HERO

With the 3rd Division in World War I, Walker demonstrated the leadership that was to prove so valuable to the 36th Division. The Distinguished Service Cross, second highest United States medal for courage, was awarded him when his battalion inflicted great losses on the Germans as they crossed the Marne.

HE TOLD IT LIKE IT WAS

During WWII General Walker was to see this situation reverse at Rapido River, with the Germans inflicting great losses on the Americans. General Walker called it an impossible mission, with nothing in our favor, when he was ordered to cross the Rapido River at a stated time and place.

OAK LEAF FOR DSC

His award of the Distinguished Service Cross Oak Leaf Cluster in this war was for extraordinary heroism in the approach to and the capture of Rome. Moving with the forward echelons, the General issued orders and encouraged the men while incessant small arms, machine gun, mortar and artillery fire swept the area. Later he mounted a tank and led a charge which drove back the enemy.

The citation said that "during the entire period his contempt for personal safety, his intrepid leadership and unconquerable determination to defeat the enemy and achieve his objective, inspired every man of his combat units to follow his sterling example."

The D.S.M. was awarded General Walker for extraordinary meritorious service at Salerno. He landed on the beach with the leading elements of the 36th Division and personally directed regrouping of the forces which were under heavy stress. During the first thirty-six hours of battle, he commanded all American forces in the invasion and welded the hard-won beachhead.

SILVER STAR FOR GALLANTRY

Later in the Italian campaign he was awarded the Silver Star for gallantry in action when he posted himself at a forward battalion observation post and although it was subjected to continuous enemy fire which killed and wounded men in the vicinity, remained there directing fire and inspiring his men until the victory was won.

SAD FAREWELL

General Walker was transferred to the States in July, 1944, to assume command of the Infantry School at Fort Benning, Ga.

General Walker retired from the Army with the rank of major general in 1946 and almost immediately went to Austin to reorganize the Texas National Guard. He was promoted to lieutenant general and stayed with the Guard for about 14 months.

Albert B. Crowther, former G-2 and San Antonio banker, with Charles Beacham have been working with R. Henderson Shuffler of the INSTITUTE OF TEXAS CULTURES for a location in their building (located on the Hemisfair grounds) in San Antonio. This fabulous \$5 million structure is visited annually by 750,000 visitors.

In conclusion, we can only say that the TROPHY ROOM is now on "hold".

Gen. Fred L. Walker,
the Doughboy's General

The best photograph ever made of General Walker is the one shown above. This appeared in the Pictorial History, also his own book, FROM TEXAS TO ROME, and the general had also commented that it too was his favorite.

Now, this famous pose, probably made 25 years ago, will be made into an oil portrait. Through the efforts of Col. Oran Stovall, Mrs. D. V. Gleghorn has been commissioned to reproduce this painting. It is scheduled for unveiling at the Dallas Reunion. More on this in August issue.

OUR THANKS TO MARGARET WALKER

The widow of beloved general, Margaret Walker sent a copy of a story on CAMPANIA of the Salerno area. She is now 'by-line' travel writer for AAA, Washington, D. C. office. With her staff, they write, take pictures and prepare layouts for travel tours - which are published in their own publication: The American Motorist. Press run is 5 million for selling AAA travel tours to their membership.

One interesting photo was of the Basilica of PAESTUM where the 36th passed by, and also a site for a medical evacuation tent of the 111th Med. Bn.

Her address: AAA, 1712 G Street NW, Washington, D.C. 20006.

Exe-Vice President

'TEX' HIGGENBOTHAM, YOUR ASSOCIATION EXECUTIVE VICE-PRES.

EARL A. 'Tex' HIGGENBOTHAM, P.O. Box 91, Burnet, Texas 78611 (Burnet is about 40 miles as the crow flies from Austin) is our loyal and devoted Executive Vice-President of the Association.

Earl enlisted in Svc. Co., 141st way back in 1934 as a private. Later transferred to Hqs. 3rd Bn., 141st. Got his commission May 1941; 1st Lt. Feb. 1942. Attended a flock of schools: 3rd Army Junior officers, Special Svc. School, Camp Meade, Maryland and Motor Maintenance at Fort Benning. Did a hitch with "E" 143rd and then assigned to "F" 143rd. Then on to "G" 143rd in Jan. 1944 until wounded at Grossetti, Italy. Got a bunch of medals like Silver, Bronze star and Purple Heart with clusters and all the rest. Earl was promoted to Major Sept. 1947, retired on disability the next year.

Moved to Burnet in 1947 and opened a Boat and Motor business in 1952, and still at it, and lives in Ink's Lake, west of Burnet, with wife Rhylna. Earl always finds time to support any of the many activities during the year involving the Association. A great T-Patcher.

From the scrapbook of Yesteryear By Amil Kohutek:
There was this First Sgt that could not write a clear Report, along with poor hand writing, sloppy wording and so on, this came to the attention of the Col. who advised that this should be written in such a manner, that even the most ignorant can understand. YES SIR, replied the Top Kick, and now what part is it that you don't understand.

German Prisoner Calls Texans Tough, Wild Men

ALLIED HEADQUARTERS, ALGIERS, Dec. 15 (P). A tribute to the fighting abilities of Texans in Italy came Wednesday from a German prisoner who, during questioning, complained that they are too tough.

This prisoner said the Germans fighting in the Mt. Maggiore sector were faced by "tough wild men from Texas with a knowledge of field craft."

He winced as he spoke of the Texans, and said his feelings were shared by other Germans.

Among the divisions in the 5th Army line is the 36th, composed largely of Texans, which was the first American division to land on the beaches of Salerno.

Right out of STARS AND STRIPES, Dec. 1943: Those Krauts called us "tough wild men from Texas with a knowledge of field craft" . . . an understatement to say the least. They should have read-up on the 36th before they started that war.

Rare Photographs

**GERMAN PRISONERS REBURY FRENCH
CIVILIANS MURDERED AT DIJON**

ZEB SUNDAY, our V.P. 143rd of Pasadena, Texas sends in these (never before revealed photos of German atrocities) from his personal file, all were made late August 1944 when the Division swept through Dijon in southern/central France.

Men digging in above 2 photos are captured Germans, who revealed the site of mass grave of murdered French civilians, slain by the Krauts, and hastily buried. All bodies of a dozen or more civilians were re-buried with formal funeral, shown in lower photo. War is hell.

Brevet Brigadier

PETE GREEN GETS HIS LONG OVERDUE STAR

A veteran of more than 30 years of duty in the Army and National Guard, Col. JOHN NORVELL 'Pete' GREEN received his star (Brevet General) in ceremonies held in Abilene on Feb. 26, 1972.

Maj. Gen. ROSS AYERS, Adj. Gen. of Texas made the presentation, . . . a mere 16 years after Green's retirement (July 31, 1956). Through an oversight, he did not receive the brevet promotion at retirement, although he was eligible.

"I discovered this a few months ago," said Gen. Ayers. "I knew his name should have been on the list, but it wasn't. I had a mutual friend contact Pete to see if he would be willing to receive it." The rest is history.

Gen. Pete Green, a native of Runnels County joined the National Guard when it was organized after WWI in 1922. He entered WWII as Captain in 1940, was S3 of the 131st, then moved rapidly to Battalion Commander 132nd F.A. in Europe. Pete Green has many awards, but none can compare with the devotion he has from all the Artillerymen who served under him.

NEXT ISSUE of the T-Patcher will be the Pre-Reunion issue, in your hands early August. SEND IN now your news items.

NEW 1972 MEMBERSHIP ROSTER READY FOR YOU

If you want to know "who's who and etc., you need the new issue of the 36th Division ROSTER. This is the handicraft of our membership chairman, AMIL KOHUTEK who does all this work himself, and it's the best buy for the money going today.

Send your check for \$2.25 which includes postage, to Amil for a copy. It's couple-spaced, contains over 50 pages of current addresses of your buddies in alphabetical order, and gives unit. Do it now: Check or MO for \$2.25: AMIL KOHUTEK, 2404 Lincoln Ct., Irving, Texas 75061.

Super-Trooper Amil, Rounds up Strays and Dropouts

Our fearless membership chairman, devoted T-Patcher; 3 million-miler trucking pilot; grandfather and tireless worker has set some new kind of records for getting association dues!

The only person who gets more mail is Sears-Roebuck. Amil spends every spare minute sending out packets of info about membership, sustaining fund etc. Over the past 4 years he's taken a sluggish outfit and built it into an organization worthy of proper recognition.

And, almost every week, he and wife Pauline are traveling around Texas and points east and west - visiting with the troops and many unit reunions. He knows more 36thers by name, than probably anyone else. His card file index, and cross-reference with "moved, left no address" are generally scouted down like the precision of the F.B.I.

He has the admiration of the entire 36th Division Association membership . . . and as your editor (we get most of our printed material from him) . . . we salute AMIL KOHUTEK . . . the "SUPER-TROOPER".

IF YOU HAVEN'T PAID YOUR DUES . . . DO IT NOW
 . . . you will be paid up until Sept. 1973, so send 'em in now.
\$3.00 is all there is to it. A bargain of the first water. Send check to: AMIL KOHUTEK, 2024 Lincoln Ct., Irving, Texas 75061 and rejoice.

36th SUSTAINING FUND

Contributions to our Sustaining Fund has been rewarding. Good, Yes, but far from expectations. Your Association needs this nest-egg to keep us going (the \$3.00 dues just will hardly cut the mustard).

Many are now sending in contribution "IN MEMORY OF" a departed comrade, bro-

ther, husband, son, or just a friend. The amount of these tax-free donations are in denominations of \$10, 15 and 25. DO IT NOW, send in your ten spot, so we can have a good showing at the Dallas reunion. All who contribute will be recognized at that tiem. USE COUPON BELOW, and hurry.

WALT KERR, 122 King Ave., New Castle, Pa., 16101 sends in dues and pixs (see elsewhere in this issue) and reminds us that it was not all Texas at Salerno. One of his buddies, **BUD EMERY** was wounded in Italy. Says Bud was quite a character who stuttered. After getting hit, he was flown to North Africa for surgery. When he was on the operating table and came too, said w-w-whats going on. The Doc said "We're opening your head to put in a plate". Bud said: "While you're at it, see if you can put in some brains".

OLD BUDDIES MEET AFTER 25 YEARS

If there is anything more 'touching' than a reunion with an old buddy, we don't know what could match it.

FRANK R. VONDRA, 5209 S. 2nd St., Omaha, Neb. 68107 sends in this happy but sad letter to comrade Amil Kohutek. When the war broke out, Vondra and **PETE LARSON** were both in the Nebraska Natl. Guard, with the 35th Division. Both eventually were re-assigned to the Fighting 36th.

Larson ended up in Co. B, 143rd, Vondra called Cannon Co., 143rd home. Their trails crossed occasionally, but it wasn't until the invasion of Southern France that the two met on a LST and split a fifth of Larson's American booze. They did not see each other for 25 years.

Then last year, Frank stopped in **BOHEMIAN Cafe** in Omaha and spotted Pete Larson. "I walked over to him and he didn't immediately recognize me," said Frank. "However when I mentioned the drinks on the invasion, he immediately responded, 'You Bohunk, You S.O.B.'". And, thus began an 8 hour endurance session with a jug, and according to Frank: "My wife had supper waiting and all I got was Cold Shoulder and Hot Tongue" he continued. When he explained, she-understood.

Now, Vondra sends us a Taps notice: Major **PETE LARSON**, age 57 died Jan. 31, 1972 Omaha, Neb., survived by wife, 3 sons and 3 grandchildren.

Vondra concluded: "Every once in a while I'll hoist one to my old buddy Pete Larson, and in doing so, I know I'll have to wipe away a few tears".

BECKETT BAGS TEN NEW T-PATCHERS

A lot of old WWII T-Patchers are probably not aware that the great T-PATCH insignia is now Airborne.

Chaplain (CPT) HENRY J. DROZD, Dallas, sent in a booklet about this new unit, the 71st Infantry Brigade (Airborne), activated Jan. 15, 1968 as a major unit of the Texas National Guard. It is the only airborne brigade in the reserve components of the U.S. Army. A very elite unit, using a proud name and insignia.

The Brigade commander is Brig. Gen. THOMAS D. BLACKWELL who served with the 36th Division, 111th QM. Left the 36th after Pearl Harbour. Rejoined the 36th TNG after the war.

Our thanks to Father Drozd for this interesting item.

ITALIAN AUTHOR NEEDS HELP ON CASSINO STORY

Dr. **WALTHER NARDINI**, Via Soderini 47, Milano, Italy 20146 has written to your T-Patch editor seeking "personal memories" of that event January 1944. Seems Dr. Nardini has gathered a mother lode of info. He has General Walker's **FROM TEXAS TO ROME**; Official history by the U. S. Army and much more.

He has talked with survivors of the battle: British, Germans, Polish, French and New Zealanders, now needs some T-Patchers to tell of their personal experiences, particularly the Rapido River crossing and **MASSA ALBANTE**, point 593 etc.

So, here is a chance to be heard. We would appreciate any help you may give Dr. Nardini. Be sure and keep a carbon copy of your story. He will be most grateful for your help, and - who knows, it might just be a best seller.

STUDENT HISTORIAN SCORES WITH RAPIDO PAPER

TOM GUDMESTAD, 241 S.W. 189th Place, Seattle, Wash., took on the 36th's most discussed confrontation as a theme paper for his West Point appointment. Tom who is only 18, started writing to various T-Patchers for info, scouted books, newsclips and worked for months getting it together.

Evidently he did a good job. He received an A PLUS, so we congratulate him. And, our thanks to Amil, Stovall and others who helped this young man. To return the courtesy, Tom sent \$36 to our Sustaining Fund. You have our best wishes, Tom.

DREAMS & NIGHTMARES

The agony and ecstasy of the War Years . . . those brawls in the honky tonks at Starke, Florida with those yankees of the 1st Division . . . the embarrassment of being issued a World War I overcoat, knee length and mustard colored, while all the rest of the troops had new olive-drab . . . those harrasing gnats that plagued us at the North Carolina Maneuvers . . . the cordiality of the girls in Boston for T-Patchers, until we found out that the ratio of male-female population was predominately female . . . that awful overnight forced march at Camp Blanding . . . the 30 miles hike, (Bunions unanimous) . . . receiving my first "dear John" letter from an old girl friend at home . . . buying a pint of I.W. Harper for \$1.95 and thinking it was high . . . those milk-run trips from Boston to Camp Edwards that got us there just in time for reveille . . . a letter from home with a check in it . . . the look on the faces of the Navy Ensigns who couldn't understand how we always got rooms at the Boston Statler when they couldn't . . . the day we 'invaded' Martha's Vineyard and couldn't find Martha (or anyone else) . . . that proud feeling when you went from PFC to Corporal . . . the battery mess sargeant who bootlegged, and discovering where he kept it hid . . . worrying about our 4F friends back home who had a cold ride every morning to the bomber plant . . . and knew they were dating all our old girl friends . . . the thrill of getting a box of cigars from a 4-F friend . . . those weekends at fabulous Connamessett Inn (near Camp Edwards) . . . the shock of finding out that 'Lucky Strike Green' had gone to war . . . listening to the juke box play "Tangarine" for the tenth straight time in a bar in Jacksonville, Florida . . . listening to rumors that the 36th would invade Norway . . . the guy in the upper bunk who had a bad habit of snoring all nite . . . the greedy money-changers who charged \$10 to lend you \$5 till payday . . . getting on the good side of the mess sargeant who would give you an 'extra' portion . . . sharing a piece of cake with a bunkmate who had a thoughtful mother . . . the day it got 14 degrees below zero at Camp Edwards and froze the water on our knee . . . meeting a buddie from another town, whom you find out took English lessons from an old maid aunt . . . having a buddie who always had money when you were broke . . . a Betty Grable pin-up on the barracks wall . . . listening to Gabriel Heater saying "There's good news tonight" which there wasn't . . . discovering that "Deep In the Heart of Texas" was the top tune (March 1942) . . . and if any of these dreams and nightmares match yours, you're in a heap 'o trouble . . . (with your wife.)

LONG SHOT... PAYS OFF!

PICTURE IN LAST ISSUE was responsible for rounding up an old buddie. In the Feb. issue a pix of MITCHELL LANIER showed how a pocket Testament had saved his life.

ROBT. RICHIE, VP of 142nd, Pensacola, Fla., took a long shot and wrote to Lanier at his old 1945 address. It was forwarded to his new address: Lhebes, Ill. Richie then received a call from Mitchell, and now we have a long lost T-Patcher back in the fold. Mitch says he hopes to make the Dallas bash.

FOOTNOTE TO ALL T-PATCHERS

Author Wagner, did not serve with the 36th. He is a former professor at Stephen F. Austin University and renown writer of historical items and events. His interest in the accomplishments of the 36th Division wheted his urge to do this book. Through his efforts for complete accuracy in research, he was responsible for obtaining the actual historical army records of the 36th, and are now in the archives of the Texas State Library, Austin. Without his help, these records would still be in Washington, D.C. Now, they will be made available to all future historians.

It is a valuable piece of authentic history, and one that gives creditability to our great 36th Division. (Editor).
