HEADQUARTERS 636TH TANK DESTROYER BATTALION
APO 758 U S Army

10 May 1945

OPERATIONS IN GERMANY, APRIL 1945

At the beginning of April the entire Battalion, all units out of the line and assembled for the first time since August 15th 1944, was preparing to cross the Rhine River. Movement started from Arzheim at 0700 hours April 1st. The 120 mile trip to the assembly area in vicinity of Reinheim (W-7836) was made in fourteen and one-half hours with only four destroyers falling out of the march for minor track and bogie repairs. The facts that we had drawn the new M-36 destroyers shortly before, a rate of march of 12 MPH and a twenty-minute halt every two hours was to a large measure responsible in keeping out break-downs to a minimum.

Immediately upon arrival the Battalion Commander reported to the Division G-3 and to the Commanding Officers of the respective combat commands to find that the combat commands were on a two-hour alert. The destroyer companies had hardly closed into their respective assembly areas when they started further movement to assemble with the combat commands to which they were attached. "A" Company was attached to CCA with the 1st platoon supporting the 68th AIB, the 2nd platoon in CCA reserve acting as CP security, and the 3rd platoon supporting the 48th Tank Battalion. "B" Company was attached to CCB in general support. "C" Company was attached to CCR with the 1st platoon supporting the 25th Tank Battalion, the 2nd platoon in CCR reserve acting as CP security and the 3rd platoon supporting the 62nd AIB.

The companies began movement with the Division in the early morning hours of April 2nd with orders to cross the Main River and pass through the leading elements of the Third Infantry Division to the Corps objective in the vicinity of Ostheim.

During this period Company "A" lost one ¼ ton destroyed by strafing. The Battalion CP and Battalion Train moved to Hausen (M-0642) along with the 14th Armored Division CP.

The companies continued to move forward with the combat commands to which they were attached with only minor resistance encountered in the form of road blocks and strong points in towns and villages.

On April 3rd "B" Company, supporting the attack on Lohr where stubborn opposition was encountered, fired 85 rounds of HE and 8 rounds of APC, destroying one SP gun at N-340584, an enemy-manned barge on the Main River, an enemy OP in a church steeple, and several box-cars which contained enemy personnel. The Battalion CP and Service Train moved to Partenstein (N-2761).

Company "B" again did considerable firing on April 4th, expending 158 rounds

S E C R E T

DECLASSIFIED
Authority NND 735017

The 36th Division Archive

of HE and 69 rounds of APC in support of infantry elements assaulting the town of Gemunden at N-405635. The company also captured an enemy ordnance and signal dump at N-365625 on which guards were posted.

Movement on April 5th and 6th was restricted due to traffic, road conditions and the weather. With elements of three Divisions, the Third Infantry Division, 45th Infantry Division and the 14th Armored Division, operating on the same roads, movement of any kind was difficult and in some cases impossible. Rainy weather made the secondary roads quagmires, the distances that gas, oil and rations had to be hauled from the dumps in the rear, which were unable to displace forward fast enough, added to the difficulties encountered.

With the bridge over the Main at Gemunden finished in the afternoon of April 6th, the combat commands moved forward again. CCB made good strides after crossing the bridge at Gemunden and during the early evening Company "B" aided in liberating some 6000 Allied PW's at the German concentration camp at Hammelberg, N-551673.

The 1st platoon of Company "A" made contact with the enemy in vicinity of Mitgetfeld on April 7th, firing 12 rounds HE into a house at N-623984, silencing an enemy machine gun nest and capturing 8 of the enemy. At the same time the 3rd platoon of Company "A" had made contact vicinity Gefald (N-604920), Preucil (N-626923), Langeleites (N-595946) and Staugenrath (N-600905). A total of 57 rounds HE and 35 rounds APC were fired with result that 6 cargo trucks, 2 half-tracks, one horse-drawn vehicle, two Mark IV tanks and one Mark V tank were destroyed and an estimated 50 enemy were killed.

Early on April 7th Company "B", encountering German-manned American tanks, destroyed 2 M-4's, 3 M-5's and 1 tank retriever in the ensuing fire fight. An AT gun was also destroyed.

The Battalion CP moved with the Division CP to the Military Camp at Hammelberg during the afternoon of April 7 and on this date the 2nd platoon of Company "C" was detached from CCR and assigned the duty as CP guard for Division.

On April 8th orders were issued from higher headquarters for all traffic of the 14th Armored Division to stay off the road to permit passage of the Third and 45th Infantry Divisions to clear through our lines.

During the 9th and 10th Company "B" continued to move forward with CCB while the 3rd platoon of Company "A" was supporting the 94th Cavalry Reconnaissance Squadron. For the expenditure of 132 rounds of HE and 7 rounds APC "B" Company accounted for the destruction of 5 horse-drawn vehicles, one 75mm AT gun, 6 horses, 2 enemy infantry and the capture of one vehicle and 4 PW's vicinity of Hesselbach (N08470)

The advance continued to the southeast in the direction of Nurnberg and was contested by small scattered groups of enemy attempting to delay our advance. More than a few fire fights developed in rear areas after our combat elements had passed through. Small groups of enemy, by-passed in the rapid

DECLASSIFIED
Authority NND 735017

The 36th Division Archive

advance, conducted raids on our supply columns and installations. Snipers were active in some areas.

At daylight on April 17th a force estimated at 100 infantry supported by 4 75mm SP's attacked CCA's CP installation at Betzenheim (065326). The 3rd platoon of Company "A", charged with the AT defense of the town, repulsed the attack, destroying one of the SP's with the loss of one TD burned, one TD damaged, and one man, Pvt William H. Thomas, 20816149, killed. This was our first material loss for the month.

On April 18th the Battalion Headquarters along with Division Headquarters moved to Altdorf (0-6293). The 1st platoon Company "A" destroyed one SP gun and one truck vicinity Lauterhoffen (T-799921).

In the vicinity of Attenthaun (T-585918), on April 19th, the 3rd platoon of Company "B", on an outpost position without benefit of infantry protection, was attacked in the early morning hours by enemy infantry armed with bazookas. In the ensuing action we suffered one TD destroyed by bazooka fire, one TD damaged by grenades, thrown into the turret. Pfc A.L. Bruce, 37512321, Pfc Orvis Bernard, 35691533, were killed; Tec 5 George F. Kollar, 35599407, and Pfc Esmail Najar, 38065399, were seriously wounded; and Lt Lamar W. Blanchard, O-1823697 and Pfc LeRoy J. Zimmer, 37147109, are missing in action.

At this time the Divisions's mission was to screen and block Nurnberg from the east and south as the 3rd and 45th Infantry Divisions attacked the city. The enemy reacted vigorously to our every movement with counterattacks from platoon to battalion strength. Here, too, groups of well-armed infantry infiltrated and succeeded in cutting and harrassing our supply routes by fire. All personnel were incorporated in the all-around defense of the towns occupied by our troops to counteract any attempted large scale attack by fanatic SS troopers who had infiltrated through our over-extended front lines.

During a counterattack vicinity of Pruppach (T-4480) on the 21st, the 1st platoon of Company "C" destroyed one enemy SP gun and killed an estimated ten enemy. The company lost one TD destroyed, one half-track and one T-2 retriever damaged and four men wounded vicinity of T-5279 due to enemy artillery fire which was from moderate to heavy all along the Divisions front.

On April 22nd the 2nd platoon of Company "A" destroyed one Mark IV tank and one 75mm SP gun. The 1st platoon destroyed one Mark IV tank at T-523762, setting it afire with one round of APC.

The Battalion, on orders from the Commanding General, XV Corps, was detached from the 14th Armored Division and ordered to assemble in Corps reserve vicinity Cronheim (T-1359) prepared to return to the 36th Infantry Division.

The movement of the Battalion to the Cronheim area was completed at 1200 hours on 24 April. Maintenance and rehabilitation was carried on during the remainder of the 24th and 25th of the month while the Battalion was awaiting further orders from higher headquarters. Motion pictures were shown to all troops on the 25th.

DECLASSIFIED
Authority NND 735017

The 36th Division Archive

At 252130B April the Battalion was ordered by Commanding General XV Corps to move to the vicinity of Aalen, becoming attached upon arrival to the XXI Corps.

The Battalion closed into the vicinity of Wasseralfingen (S-736325) at 1700 hours on the 26th of April and became attached to the 36th Infantry Division for administration and supply.

Reconnaissance Company received the mission on April 27 to reconnoiter all roads and towns bounded by coordinates T-0010, T-0025, T-2025, T-2010, for any enemy activity and to remove all road blocks. The remainder of the Battalion underwent maintenance and rehabilitation.

On the 29th the Battalion was attached to the 36th Infantry Division for operations and was ordered to assemble in Gunzberg and assist the 143rd RCT in moving troops to the new RCT assembly area vicinity of Landsberg. Movement started at 0630B April 30. Companies A, B and C assembled in Gunzberg where they picked up the 1st Battalion of the 143rd Infantry and transported them to Issing (Y-3933) where they remained until the close of the period. The Battalion CP closed in Murnau (Y-606034) at 2030 hours. Reconnaissance Company reverted to Battalion control and assembled with Headquarters Company in Spatzenhausen.

At the close of the month all companies were prepared to move out on missions assigned by the 36th Infantry Division.
