## Houston Reunion To Mark 30th Anniversary of 36th Division's Historic Salerno Invasion

### T-Patchers Made A Name For Themselves Three Decades Ago

It's H-Hour 0330, Sept. 9, 1943 and you are there! Enemy guns roar as men of the 36th Infantry Division leap into the water and start inland for the pre-designated assembly area.

Who could forget YELLOW and BLUE beaches on the right...RED and GREEN on the left. And quite a beach party it was...and history was made this day!

That was 30 years ago (in a few weeks). So this year in HOUSTON at the Astroworld Hotel, men who wore the T-Patch will come from every state in the union for another get-together.

This one set for Fri. Aug. 31, Sat. Sept. 1 and 'til noon Sunday the 2nd will probably make many feel a little older. But the memory of that great event (FIRST AMERICAN TROOPS IN EUROPE WORE THE T-PATCH) will to some seem only like yesterday.

This 48th Annual Reunion should be one of the best, and a large turnout is expected, so don't count yourself out. We had 500 in Dallas last year, and we hope to top it this time. A lot of new innovations are planned...like

### Special Activities Planned for Earlybirds

We really didn't realize how many troops show up a day early (on Thursday) until last Sept., we arrive on Thursday and found a helluva lot of T-Patchers already in full swing. This year in Houston, there will be planned activity for those eager-beavers who arrive early. Ole Bob Richie, who had to drive in from Florida, even arrived on Wednesday night. Also Zeb Sunday did same, and had to bring a pickup truck to haul all the goodies. As long as you're coming, come on a day early, cause you won't be by yourself.

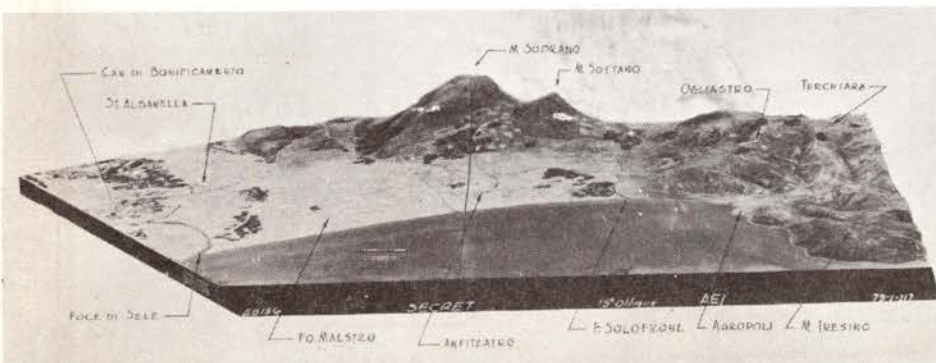

Earl Higginbotham sends this one in. Shows the marquee at the Astroworld last November when the Board held their fall meeting. The big welcome mat will be out next Labor Day weekend in Houston.

### Photo Of Scale Model Salerno Beachhead Is Collector's Item

Here it is: SECRET! Scale model of the Salerno Bay area where we hit Sept. 9, 1943. Tallest mountain top center is Mt. Soprano, next to it is Mt. Sottano. Villages at left are: Di Bonificamenmto and St. Albanella. The Anfiteatro at Paestum in center along the shore line. (They failed to mark the Tobacco Warehouse, where Div. Hqs., Corps. Hqs. spent a few days). And how about "Black Monday"?

This scale model was made at Fort Belvoir by the Engineer Board. Photos of this were circulated among the regiments for study of the problem ahead. This one sent in by Earl Higginbotham and we are grateful for this rare photo.

Due to repeated illness and the possibility of surgery in the near future, I regretfully resign my duties as President of the 36th Division Ladies Auxillary. It has been a pleasure and a privilege to serve the organization for the past several months.

All correspondence for Auxillary should go to La Verne Simonton, 1st Vice President, who will assume the duties of the office. La Verne's address is 7703 Twin Hills, Houston, Texas 77071. I shall be working with La Verne as much as health permits, and I hope to see all of you at the September meeting.

**The President's Report ...**

It has been my privilege and honor to represent the "T" Patch Association twice recently at two important functions. I was a guest of the National Guard Association of Texas during their 14th annual conference in Fort Worth, 30th March to 1st April.

The second function was of added interest to me since "G" Company, 143rd infantry had been the unit representing the Houston Light Guard before being inducted into federal service in 1940. The occasion was their Centennial Anniversary held at the Rice Hotel, company men and officers, both WW I and WW II were there. Believe it or not, but on former member from the Spanish American War, now 94 years old attended. You can never get too old to attend these get-togethers if you have the desire. Age should not keep you from making the "T" Patch reunions either.

May I thank each of you who have thought enough of the "T" Patch to send in that extra something, be it a buck, five, ten, and in one case a fifty dollar check to help along with the expenses of the association. I have found it impossible to find the time to thank each one of you personally by letter, but please be sure that it is appreciated. Thanks a lot.

Those of you who have and are contributing to the Sustaining Fund, 36er Club, and Memorial Fund, are doing a great job. We have at this time two C. D.'s or two thousand dollars earning interest. There is also an overage towards another C. D. and this too is in savings until the next thousand is accumulated, when another C. D. will be purchased. Please forgive me for not acknowledging each contribution, time will just not permit my doing so. I know you are wondering about the Certificates being issued for the above group of fund contributions. It is hoped that this can be done by or before reunion time, please bear with us, we will get this done soon.

I am on the road just about every week-end working on the operation of the association and more especially the planning of this years reunion. His 48th Reunion can be the best yet provided each member will make an all out effort to attend. Special plans are in the making for those who will stay over Sunday as well as Labor Day. For you Early Birds arriving ahead of time, we are planning several activities for you too! The August issue of the "T" Patcher will have full details pertaining to the reunion.

I want to especially mention that all you WW I members will have a C. P. of your own. It will be set up and operated just for you. This will be your 55th Anniversary since Meuse-Argonne, make plans to be present for this one for sure.

Much effort and time is being spent in the preparation of a new Roster. This should be available at the reunion. Here is what you can do to make it a better Roster:

1. Check for correct spelling of Name
2. Check for correct Address and Zip Code
3. Do we have your Unit?
4. Are you getting more than one mailing?

PLEASE, advise us before 1st July of any changes or corrections that should be made to the above four items as soon as possible.

**Special Display of Historic Maps,  
Photos of Salerno To Be on View**

For several years now an attempt was made to have a "Map Room" or "War Chest" set up in a C. P. for the troops to see. Well, it never came about, but this year, an old "Country-Try" will be made to provide such a place. For example: This reporter has a hugh 1:200,000 map of the whole Italian area with situation dates and lines posted (This one somehow escaped the "fire". Stovall has donated many of his large photos, and there will be many other interesting items on display. WE URGE YOU TO BRING WITH YOU, anything of interest regarding the SALERNO operation for the "Map Room".

We think this is most appropriate on our 30th Anniversary of historic, earth-shaking event. This room will be guarded to keep any over zealous T-Patcher from "borrowing".

However, it won't hurt if you go ahead and MAKE YOUR HOTEL RESERVATIONS now . . . address is shown at bottom of page 2. Be sure and mention that it is for the 36th Reunion. ### Don & Troy Find Themselves Working For Same Outfit

DON STILL, 10031 Southlake Blvd., P-3, Parma, Ohio 44130 ran across this bunch of photo that appeared in a Dairy Pak house organ in 1959. Shown at right is Don as he sits at his desk, the other photo is Don and Navy brother John taken in 1944. Don served with Co. B, 142nd and by chance

discovered that TROY STRICKLAND, whom he served with in Italy was also employed by the same firm. Here the editors of the Dairy Pak house organ make a story. Troy is shown at left in the maintenance division, and the other photo shows him receiving the Bronze Star, Feb. 6, 1945 in Bischweiler, France. These are rare occasions where old buddies meet after all these years, find themselves employed by the same large firm.

We welcome photos and news stories like this one, anytime

Robert now lives at 8339 Nisqually, Dallas, Texas 75217, and I am forwarding you letter". And all of this on Mother's Day.

### T-Patch Blazer Suggested

NICK IMPAGLIAZZO, 2708 West Ave., Ocean City, N.J. 08226 ole 133rd FA Bn. man sends in a suggestion that has some merit.

"I am wondering if the 36th has color, if so why not have some sort of field jacket with a "T-Patch on the pocket", says Nick.

Sounds good to me, but I think you mean "Blazer", as used by a lot of firms at their conventions. Would be great if we could find an underwriter. There are many mail-order companies that make these to-order.

The going price is about \$40 a throw, and would have to order a dozen or more. If enough guys wrote in, with their desire to have one we could possibly have them by Labor Day.

the Assn. could no authorize it without board action, so it could be done quicker by "voice of the troops". So all these interested, write to me: P.O.Box 1816, Fort Worth, Texas 76101 and I'll get facts and figures. How bout that! (Bill Jary).

**LEROY A. KATTNER**, rt. 1 Box 157, Riesel, Texas 76682 is too dern busy to send in his dues, so his wife took care of it. Seems Leroy works an 800 acre ranch, is Sub. mail carrier, Supt. **COL. GENE FALLWELL** writes in to join us. Said he has retired after 28 years (1st Div. Marines), but spent most of his later years attached to the General Staff at AG in Austin. Since the AG is loaded with T-Patchers, it's a pleasure to welcome you aboard, Colonel.

## Castles On The Rhine Ain't Necessarily Devine

**EARL R. PEBLEY**, 1006 Ash St., Johnstown, Pa., 15902 saw the story and pix of Koeinsborg Castle in Feb. 1972 T-Patcher. Wrote to Cewin Johnson (St. Paul) who had just been to Europe. They corresponded and now Earl sends in his photos of same castle. Seems Co. L, 142nd took the castle, but Earl and his Co. M. 142nd also spent a night in the same historic rockpile. "Make that cat-naps," says Earl. "We could see the Krauts in forest by peeking out the window." This castle will bring back memories to a lot of men of the 36th.

Better make that 'nightmares.'

According to a bulletin received from **JOE JUSTICE**, ramred for that very active bunch of artillerymen, Bat. C, 132nd will carry-on June 22-24 at the Flagship Motel in Brownwood.

Don't know how many that is, but it must be a bunch. George stays pretty busy, claims he belongs to 12 clubs, and has 700 pen pals in the wood biz. All you collectors need to contact him for his list. Needs some help from Texas collectors. George served with 143rd Inf.

**PAUL J. BORELLI, 553 Williams St., Painesville, Ohio 44077** one of Richie's Co. H, 142nd men is out husslin' "strays" for the Assn. Made the Dallas bash last year. How bout HOUSTON?

**ROBT. RICHIE** trigger man for 142nd lasso's **CHARLES DAKE, Greenfield, N. Y. 12833**, who sent in check for **DAVID STRADER, Rt. 1, Box 447, Amarillo, Texas 79601...plus CHAS. STEINMAN, 480 Evans Rd., Marion, Ohio 4330 FRANCIS J. SLYMAN, 17 Clark St., Malone, N. Y. 12953 and CHAS. KANTOLA, 510 Norwood, Marquette, Mich. 49855** all 142nd troopers.

**RAYMOND HERN, 1514 Mill, Jasper, Indiana 47546**, another Co. H, 142nd man recently received Life Membership in D. A. V. for his work in Dubois City Chapter 77. Ray is also active in V. F. W. and the American Legion. We salute You!

Collins and "Nigger Willie" Disher.

AND A FEW MORE ... from 736th Ord. man, **W. P. Gabbert** of Stephenville, Texas. Gab had two he says might win grand prize. Like: Horace (Gone Ass) Nichols, welder-mechanic from Dallas. Got his nick from the fact he just didn't have one.

Second: Roy (Radar) Kinsey from Austin, Texas. He got his handle because he could hear and spot an enemy plane 2 minutes before anyone else. Capt. B. F. Swank always had him as his jeep driver during combat.

One of our favorites at Div. Hqs. was "Noisy" Bennett of the G-3 section. He earned that because he never said anything.

SEE HOW EASY it is. Send'em, and I'll give you an "Oklahoma" Guarantee that the winners will get some booze (and a few other things) at the Houston Reunion.

## 144th Inf. Regiment Has Hard-Working Secty. Named - Bill Hefner

A few months ago we received a lot of very interesting material from WILLIAM J. HEFNER' 1221 W. Drew Street, Fort Worth, Texas 76110.

Hefner is the ramrod for the 144th Infantry, and for all you guys that joined the 36th in Blanding or later, should know this outfit was part of the old "square" 36th as it was activated in November 1940 at Camp Bowie, Brownwood, Texas.

On December 9, 1941, two days after Pearl Harbor, the 144th was dispatched elsewhere, along with some other units, and the 36th was "triangleize" as they called it.

The history of the 144th is a very interesting one, and we regret we do not have space to run the entire text. However, interested parties should contact Hefner for a copy.

They currently have 500 members, and have a reunion each year that is almost as big as the Association reunion. Last fall it was held 6 weeks after ours in Dallas during the Texas State Fair, October, 1972.

We have many 144th men in our association, and welcome more, after all, they are blood brothers of the ole T-Patch.

LEONARD OSMUS, 1407 Winter St., Salem, Oregon 97303 of 111th Engineers writes to ask about "records" so the fellows can get the Croix de Gueyre. [Can anyone help?]

ANTHONY REALMUTO, 676 Fenworth Blvd. Frankin Sq., N. Y. 11010 drops \$15 for dues and other things. Served with Co. F., 141st says he going to try like the devil to be in Houston. Also is ordering "The Texas Army."

Guess we've all had enough of WATERGATE. What we ought to do is to send STOVALL and his 111th Engineers to Washington and let them build a Bailey Bridge over it.

FELIX J. MARCHELEWSKI, 215 Washington, Mineola, L.I., N.Y. 11501 sends in these two of a couple of buddies of Co. H, 142nd. Top pix is MALCOM V. FORD, Route 1, Mundy, Texas, who at that time had a cold and was sniffin' some remedy from the states. Other one is KENNETH A. MOX, Rt. 6, Box 9, Zanesville, Ohio 43701 looking out over the Siegfried Line before it was broken. Thanks Felix.

# THE *Editor* COMMENTS

The issue marks the ninth edition that this old dog has hammered out since June 1971. It has been quite an experience.

I've worn out 23 typewriter ribbons, gobbled up 5 reams of paper, 2 bottles of aspirin, 117 six-packs, licked 842 stamps, and had a ball.

Lot of you probably wonder how it's done. So here goes. All you need to be is a little crazy, familiar with all the lingo and have a guy like AMIL who is a very clever and amazin' "Mexican Bohunk" as he personally bills himself.

As membership chairman, Kohutek is a 24 hour worker for the cause, he gets most of the heard froms - makes comments, looks up unit, tries to decipher some handwriting, and in the end, they wind up on my desk.

Then the fun begins. After you read all the hundreds of letters from the troops - and I mean from ALL over it is quite an experience. In fact, I wish all the troops could get to read the full text of all this mail.

We find drop-outs, strays, and "lost". Guys who only recently found out that the 36th was alive and well, and kickin'. Much of these letters are humorous. This we try to pass on to you readers. The photos, now 25 to 30 years old are fantastic.

We try to print as many as space will allow. These old pixs from wartime scrapbooks are priceless. So, we still want'em, and I feel sure I have returned at least 99% of them to the rightful lender. Some are as faded as a summer love, but come through amazingly.

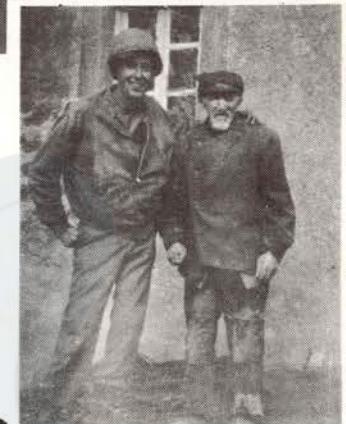

It is the desire of any editor to give little bit of everything to make it 'readable' for most, and here we sometimes pull items from our 1941-45 wartime files, and much of it from the overseas edition which was my assignment (on loan from G-2 to Special Service).

We still have dozens of prints from film taken by Max Shaffer who was official 36th Div. photographer last 2 years of the war. Ole Max generally had an extra print for ole Dad.

Our president, Tex Higginbotham

MELVIN C. WALTHALL, Maj. AUS. Ret., 5430 Ecoff Ave., Chester, Va. 23831 sent in the above to "brighten" up the Patcher. Says this photo was made in front of the Camp Boie gate, after we returned from Louisiana Maneuvers '84Oct. 1941). From left: Sgt. Lake White. Doris -----, Virginia Brooká and Sgt. Curtis M. Walthall. Both were in Co. B., 144th Inf. Regt., and says Melvin: "No, neither of us married these particular gals. I understand that Lake White is deceased." Major Walthall also sent in some great information of the 144th, which we hope, along with his POEMS to use in a future issue. Thanks Melvin (or Curtis as he was known in the old days.)

has been a great help in the publishing of the T-Patcher. He forwards most all of his material, photos etc., and has in the past year made many trips that included a stopover in Cowtown, which we appreciate.

The most gratifying thing about being a T-Patcher is the great loyalty and warm-feeling that the troops still have for their old outfit, after all these years. In fact it seems to be getting more-so as we get older. Most letters contain this one line - that makes it all worth while: "I'm proud to be a member of the fightin' 36th, the greatest outfit in the world." Amen, brother.

OWEN W. PARKER, 1025 Corral, Rt. 1, Cedar Hill, Texas 75104 sent in the above two photos. Top one is BOBBY G. CARR, with an old Italian in Naples, Italy 1943, of Co. I, 143rd. The other: Somewhere in Italy: "The one near the truck facing you is Baker, the one next to truck with back turned is named Armstrong. Can't recall others", says Owen.

Note: The 2 in 1946 was because the Brownwood reunion was a quickie, held in January, with the first big one held in Oct. 1946 in Fort worth (where all WWI 36th reunions were held).

Dallas and Fort Worth are tied for 5 times each, Houston, San Antonio and Austin have had 4 each! Makes no difference, it's a ball where ever it is held, so be there!
